

Shreyash Kshirsagar

IT Engineer

As a student of Information Technology Engineering, I am a curious and innovative individual with a passion for all things tech-related. With a keen eye for problem-solving, I excel in analyzing complex systems and coding languages. Always eager to collaborate with peers, I approach challenges with a creative and logical mindset, making me a valuable asset in the ever-evolving world of IT.

Education

2020 - 2024

Bharti Vidyapeeth College of Engineering | Navi Mumbai

Engineering Student

As an Information Technology Engineering student at Bharti Vidyapeeth College, I embraced an entire approach to education and involvement in campus life. I enthusiastically participated in cultural festivals, tech competitions, and extracurricular activities, showcasing my versatility and adaptability.

2018 - 2020

South Indian Junior College | Dombivli

Intermediate Student

During my 11th and 12th standard at SIA College, I found great joy and fascination in studying science subjects. The world of physics, chemistry, and biology created my curiosity, and I approached each lesson with genuine enthusiasm

Internship

June , 2023 - Ongoing

Anub Furnitures (Web Development) | Dombivli

Web Developer

During my internship at Anub Furniture, I am thrived as a skilled web developer, crafting innovative and user-friendly online experiences for their brand.
